Message from the Minister

It gives me great pleasure to announce the launch of Active Kids. As a key part of the NSW Budget 2017-2018, it's one way the NSW Government is aiming to reduce childhood overweight and obesity.

Communities in NSW have always had a deep passion for sport. Most of us have grown up loving to run, kick, swim or dance. Today unfortunately, the majority of children in NSW are not meeting the daily recommended levels of physical activity. In 2015, more than 1 in 5 children in NSW was overweight or obese.

There are many great organisations across the state, working tirelessly to introduce kids to physical activity and putting them on a healthy life path. But we know that sports registration and lesson fees can add up for families and prevent them from getting involved.

Active Kids will help reduce the costs for parents by providing \$100 vouchers towards sporting and fitness related costs, giving them more reasons to sign their kids up for local swimming lessons or to join that coaching clinic.

I hope to see registrations from hundreds, if not thousands of our state's local groups. I believe that together we can lower those barriers that keep kids from joining teams and programs.

Please read the guidelines and check to see if your organisation is eligible.

The Hon Stuart Ayres
Minister for Sport

About the Active Kids program

In 2018, the NSW Government will provide \$100 through a voucher system to parents/guardians/carers to contribute to the cost of their children's participation in sport and active recreation.

The voucher can be redeemed towards payment of memberships or fees with an approved provider registered with the Active Kids program, each calendar year.

Program objective

The objectives of the program are to:

- 1.** Increase participation of school-enrolled children in sport and active recreation
- 2.** Support the delivery of the Premier's Priority to reduce childhood overweight and obesity by increasing physical activity levels in children aged 4.5 to 18 years living in NSW
- 3.** Help change the physical activity behaviours of children and young people in NSW.

- From that date, approved providers registered with the Active Kids program, can accept and redeem valid vouchers from recipients.

How do affiliated sports clubs register as a provider?

- State Sporting Organisations (SSOs) with a large number of clubs will be able to provide a file of clubs wanting to participate in the program to the Office of Sport for upload to MyServiceNSW.
- Details will be made available through the SSOs to clubs and associations regarding their online account and registration as a provider.

How do unaffiliated or private organisations (whether not-for-profit or for-profit organisations) register as a provider?

- Providers register directly with MyServiceNSW, by first creating a Business Profile, and then completing an Active Kids registration for approval.
