This event provides more mat time than a standard competition, in a friendly inter-club environment. The Lake Macquarie Games Teams Event * involves matching similar level players into teams who undergo supervised competitive randori. It is an ideal stepping stone for judoka who are graded and members of the JFA, but not qualified for competition (i.e. <9yrs this year: up to White-yellow blacktip. 9yrs+ this year: up to Yellow-orange black tip). **ALL GRADES OF PLAYERS can do both the teams and competition, but novices are only matched with novice players. Green belts 13yrs+ are encouraged to referee.** Where there are matches, we offer separate senior Orange-Green and Blue-Brown belt divisions. The Demo Cup is open to demonstrations such as Ukemi, Kata & Self Defense.

Please let us know ASAP if you are willing to volunteer to make this event a rewarding experience for all.

☺☺ Volunteers appointed prior to the day receive free spectator entry and refreshments ☺☺

- All competitors must be full members of the Judo Federation of Australia or an IJF affiliated body with evidence of current membership. Female players MUST wear a white, round neck T-shirt.
- Players must bring a white gi. Blue gi can be worn if called up second, but are not required.
- Competition runs to JFA Sporting code. Onus remains on coaches and parents to inform officials of any issues in regards to the matching of participants on the day.
- Volunteers, participants or their parents/guardians must inform officials of anything that may put themselves or others at risk and acknowledge that judo is a contact sport with inherent risks and fully and totally indemnify the organizers, volunteers and officials in the case of any injury or illness that is not covered by statutory legal rights, including death, regardless of the cause or contributing factors.
- Whilst provision of a medical certificate may be considered, there is no obligation to refund fees.
- Event entry is conditional upon and will be taken to mean acceptance of these terms & conditions.
